

Dear Mr. Kaplen,

Thank you so much, for all of your help and care. We could all sense that. I am one of the most fortunate, out of all of the group. I think you could see that! But what I do best is help the others. After meeting you, we could see that there is help out there. I got on the phone, with my attorney, and asked him why he never came to see me at the hospital, In-patient, or out, day clinic ???? And five days later he came to my program!! It was because, of you that I was able to express my self, and others like me will do the same.

I will give your name to any T.B.I. survivor, I meet. Please see if there is any need for a person like me In your works with people like, me in the future. Thank You !!!  
From all of us !!!!!
